BUSINESS

Engage teams in realistic business training to build their teamwork, decision making, planning and analytical skills.

Why use Revas Business Simulations?

- 10 available simulation industries & on-demand simulations
- certified training and support for instructors
- entrepreneurial skills training
- multiple languages available
- cloud service - no installation, access 24/7

”

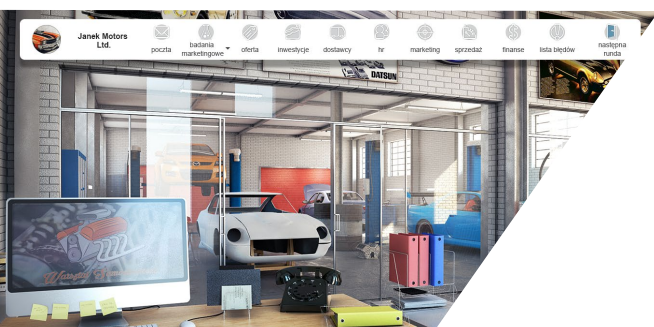

Simulations help students unlock their entrepreneurial potential. They gain insight into how small business works but also have fun thanks to competition and gamification.

Marta Czyżewska, PhD, lecturer

”

Business simulations teach how to think. They show fundamental laws of economics in a simple form and let us experiment with various strategies and ideas. Exciting experience - everyone should try it.

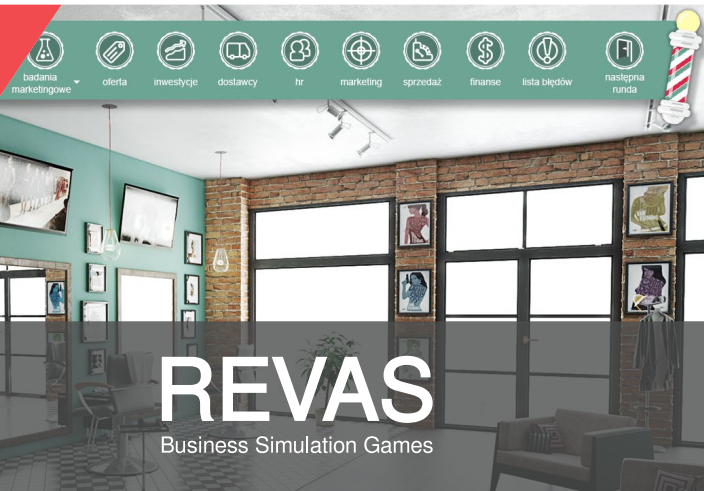

Jakub, student
