 NAS CONCEPTION

Connect your Microsoft SharePoint Online directly to Microsoft Dynamics 365 Business Central

Online file storing made easy for your enterprise. NC365 SharePoint Connect supports your file saving needs by enabling flexible file uploads directly from Microsoft Dynamics 365 Business Central. NC365 SharePoint Connect helps your company to bring your Microsoft Sharepoint files closer to your users. You will be able to view file and folder structures, create new subfolders and most important: directly upload files to Microsoft Sharepoint within Microsoft Dynamics 365 Business Central. Usability is key here, NC365 SharePoint Connect is aimed at providing a no struggle experience. Just drag and drop your documents into Microsoft Dynamics 365 Business Central and they instantly get uploaded to Microsoft SharePoint.

The following functions are supported by NC365 SharePoint Connect:

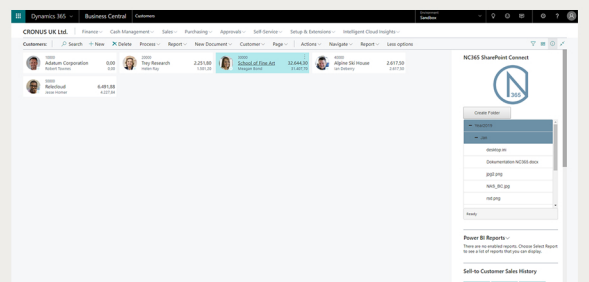

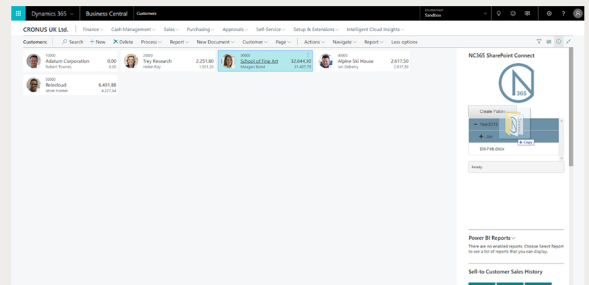

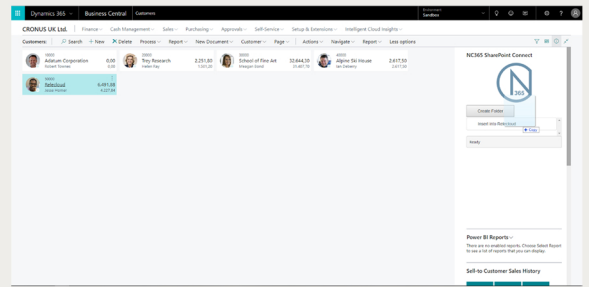

- Connect Microsoft SharePoint with Microsoft Dynamics 365 Business Central
- View and open your files with 1 click
- Store your files via drag and drop
- Create Subfolders directly from Microsoft Dynamics 365 Business Central

Features and benefits of using this app:

- Bring Microsoft Sharepoint and Microsoft Dynamics 365 Business Central closer together
- Open e.g. a vendor and directly view your Microsoft SharePoint files in a factbox
- Drop down lists allow hiding of subfolder content for a better overview
- Automatically create own subfolders for your vendors, customers and contacts
- Instantly expand Microsoft SharePoints folder structure without visiting the Microsoft SharePoint website
- Make your employees life easier with the enhanced overview of your Microsoft SharePoint files
- The drag and drop function allows you to add files to specific folders directly in a Microsoft Dynamics 365 Business Central factbox
