

# YOURCHAMPIONS

## Office 365 Digital Champions Programme

A community of Digital Champions are one of the essential success factors for driving sustained adoption and continual value of Office 365. Given the constant and rapid pace of change in Microsoft's development of Office 365, a community of engaged Digital Champions to support colleagues has never been more important. *Our Digital Champion programmes ensures that you get it right – first time.*

Delivered through Microsoft Teams our YourChampions programme, delivers a fully managed service of activity designed to engage, educate, motivate and reward your Champion community.

The programme provides a structured offering that delivers real world, up to date learning and assesses your Champions competency. Champions are incentivised to learn and share their knowledge and ideas within your business through our set of unique Champion Challenges.
