Coupon codes for Microsoft Dynamics

Highlights

- Management of discount codes, gift cards or bundle deal codes
- Direct entry of coupon codes in the order or quote
- Financial management of gift cards in the financial accounting of Dynamics 365 Business Central

Functions

This add-on extends Dynamics 365 Business Central with all the features you need to manage coupons. Each code can include a percentage discount, gift card or bundle deal. A marketing discount code can be used several times and for example be shared in print or newsletter cam-paigns. A gift card blocks a fixed amount in your finan-cial accounting, which can then be used up via one or more purchase orders.
