

Vietnam Accounting System (VAS) Localization Solution

NaviWorld VAS Localization Package for Microsoft Dynamics 365 Business Central provides global solution for local regulations.

Enterprises operating in Vietnam are struggling in using separated systems to meet international standards but comply with Vietnamese Accounting Regulations. That leads to disconnected systems and un-updated information which seriously impact to their business operation.

NaviWorld Vietnam Localization for Vietnamese Accounting System

Based on Business Central tailored for businesses operating in Vietnam, NaviWorld VAS Localization Pack not only meet crucial Vietnamese tax laws but provide the global and efficient functionality of Microsoft Dynamics. To help businesses in Vietnam to optimize their business operation, our VAS Localization Pack delivers a Vietnamese language pack for users easy to use in Dynamics 365 Business Central system.
