

The journey to Microsoft Certified: Data Analyst Associate

Get started at
aka.ms/AzureCerts_DataAnalyst

Start here

Decide if this is the right certification for you

Upskill with recommended training and experience

Pass required exam to earn your certification

This certification is a good fit if your responsibilities include:

- Designing and building scalable data models.
- Cleaning and transforming data.
- Enabling advanced analytics capabilities that provide meaningful business value through easy-to-understand data visualizations.

OR

If you already have or are working toward any of these certifications:

- MCSA: BI Reporting
- MCSA: SQL 2016 BI Development

First, make sure your skills are up to date.
