

# DueDil Enrich for Microsoft Dynamics

## Unleash the Power of Dynamics with DueDil Enrich

DueDil Enrich is a first of its kind application for Dynamics users in the UK to enrich sparse account data with actionable insights and authoritative information in a single click.

DueDil Enrich harnesses the power of DueDil's Business Information Graph (B.I.G.)™:

- Eliminate manual research
- Get a real time view of any UK company or limited partnership
- Map territories and route leads with confidence
- Full control over which data and information you integrate

Seamlessly integrated from Appsource, DueDil Enrich gives your team the edge they need to move with speed and confidence.

## Unparalleled Insight to Fuel your Growth

- **UK Focused** - First of its kind product for the UK market, native to Dynamics
- **Comprehensive** - More than 200 million connections and insights covering every UK company, charity and limited partnership
- **Authoritative** - Information drawn from dozens of authoritative, GDPR compliant sources, updated daily
