How to activate the ‘SMART on FHIR Based Data and AI Accelerator’ offer from the Azure Marketplace

Overview
This user guide outlines the steps required to create, configure, and request the activation of the ‘SMART on FHIR Based Data and AI Accelerator’ offer from the Azure Marketplace.

1. To create a SaaS offer
   1. Navigate to the Azure Marketplace offer page, and click Get it Now.
   2. Acknowledge the terms and select Continue to finish the process in the Azure Portal.
   3. To create the subscription, click Create. (Note: This will not initiate billing)

2. To Configure your account
   1. Give the offer a name in the following format: CompanyName_smartonfhir
   2. Complete the form and select Subscribe
   3. Once the subscription is deployed, click the hyperlink in the prompt.
   4. From the SaaS overview page, click Configure Account to complete the subscription signup.
   5. Review the form and complete the configuration by clicking Request Activation

The subscription status should change to ‘Provisioning’.

3. Billing & Next steps
You are not being billed at this time. KenSci will reach out to you regarding next steps and billing will be activated based on a mutually agreed upon timeline.
