NOVASOFT

Multi Company Inventory Report

Addon Utility of Microsoft Dynamics Business Central

01 **Multi Company**
Centralized Inventory report for quantity and value. Covers all the items.

02 **Improved Productivity**
Remove the hassle of combining reports across companies, Locations, Items and Variants

03 **Improved Visibility**
Stock visibility across companies will enable Purchase / Inventory teams to take right decisions and control the Inventory movement

NOVASOFT

Novasoft is a preferred business application & IT solution partner for global businesses. We focus on digital transformation by delivering value to the organization through business application, cloud & analytics. We are Microsoft Partner working extensively in implementing Microsoft Dynamics business applications, Power Platform and Azure.
