- **73%** Completed at least one activity
- **82%** Engaged at least once a week
- **76%** Reported Challenge experience as emotionally positive & motivational

We simplify process for the employer by allowing multiple ways to onboard,

When email is available, we send an email with login information.

When email is not available, we create a default username and password based on employee id, date of birth, (and/or social security number), name or as it fits for the population.

When employer does not share the member information, we provide unique activation codes to the employer to distribute.

We enable single sign-on with employer’s existing application.

We create a customized communication plan and marketing collateral for the program including posters, emails, text messages, reminders, nudges, motivational quotes and much more.

We provide rich participation and engagement reports that are delivered to the stakeholders periodically.
