

Power Pills For Businesses

developed by Gfi Spain

Digital Transformation Enablers

#1 POWER PILL

Power Workplaces

Managing safest workplaces from anywhere

Description

Application for mobile users of an organization, which offers a series of utilities available on your mobile device, using a single Microsoft 365 license (E1 onwards), which allows you to interact with the user community (send emails and make quick calls), as well as manage the reservation of spaces for shared use (rooms, sharing desks) which are available in the company premises. The solution simplifies the coordination of resources and facility services (security, reception, cleaning, disinfection), as well as teamwork, working with teammates, in the new workplaces.

Book a desk

Book a desk > Search Workplace

Select a facility location from Microsoft 365

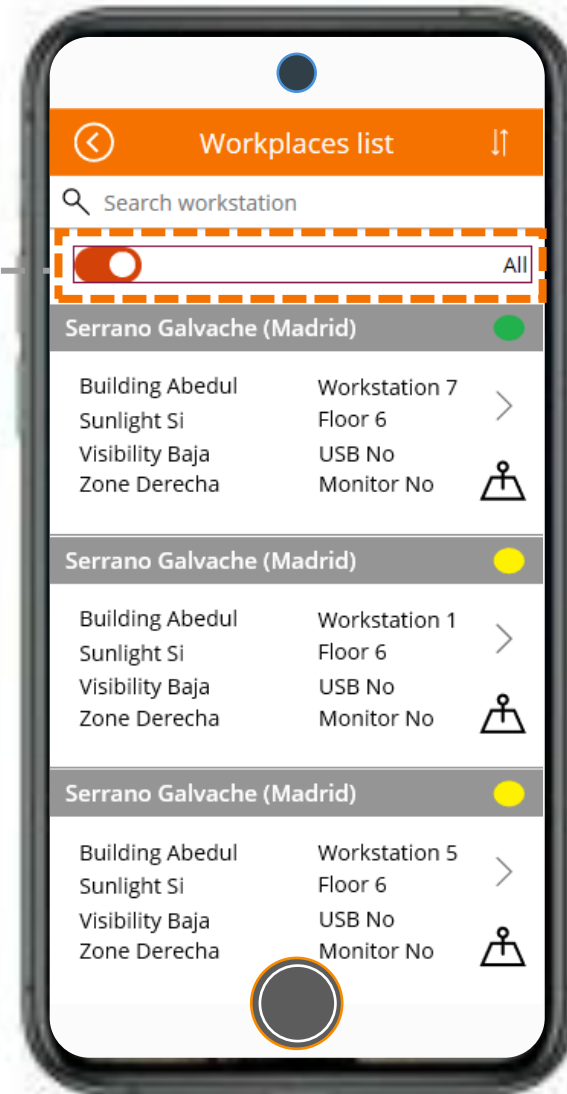

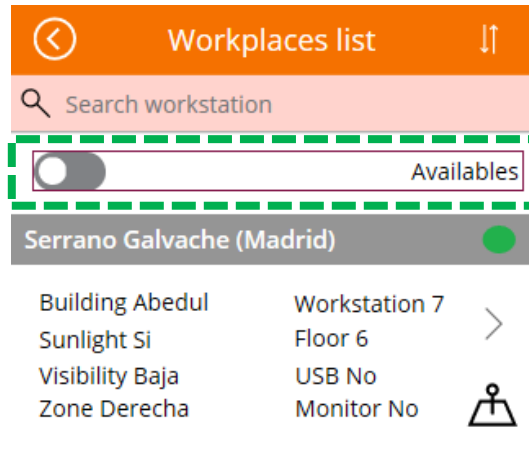

The image shows a smartphone screen displaying the 'Workplace search' application. The app has an orange header bar with a back arrow, the title 'Workplace search', and a location pin icon. Below the header, there are several form fields for searching: 'When' with a date picker set to '24/06/2020', 'Office' with a dropdown menu showing 'Serrano Galvache (Madrid)', 'Building' with a dropdown menu showing 'Abedul', 'Floor' with a dropdown menu showing '6', and 'Zone' with a dropdown menu showing 'Derecha'. At the bottom of the form is a grey 'Search' button. The phone's home indicator is visible at the very bottom.
