

# My Profile

Get a corporate directory for the entire organisation through one app

## What is My Profile?

The My Profile app provides access to the profile of the user as well as other employees in an organisation. The information that is viewable and editable include project history, schedules, skills and certifications and more.

## App Description:

The profiles viewable on the canvas app are stored in Office 365. Searching is made easy through Dynamics 365 Project Service Automation (PSA) and Global Search. It uses the standard connectors from Microsoft, allowing both out-of-the-box and custom fields.

## App Benefits:

- View employee profiles at a glance.
- Stay connected with other employees through a mobile device.
- Edit your profile information on-the-go.

## App Features:

View and edit your company profile.

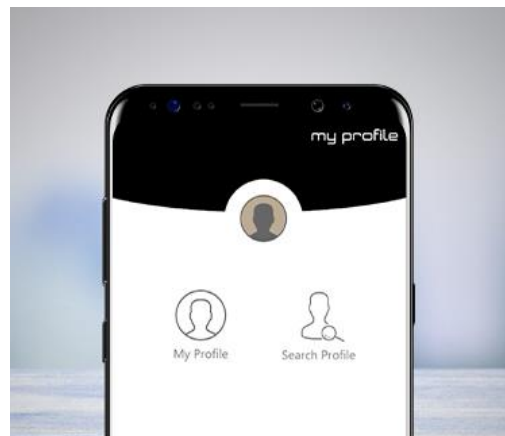

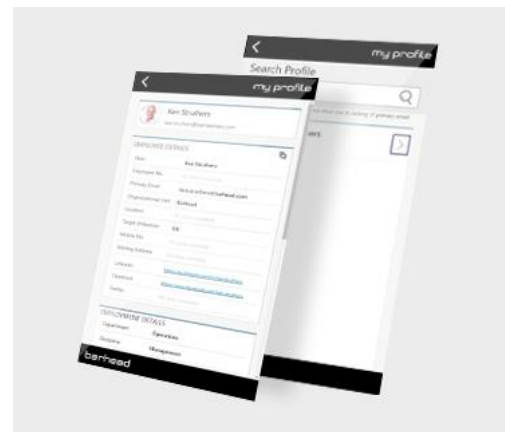

Manage your schedule seamlessly.

Gain access to profiles of all active employees in the organisation.

Navigate through a user-friendly and visually pleasing user interface.
