

Camp Management

CEM camp management handles the accommodation for employees, works, clients, vendors in the construction site and keeps track of people available in the camp. It helps in streamlining the camp operations. We coordinate to ensure that there is no duplication of efforts and services are provided to camp residents in a consistent manner.

Challenges

- Handling multiple camps in different locations
- Manage camp occupants, their necessities and facilities altogether
- Maintain agreements for food and accommodation requirements
- Process time logs
- Compute, account & track camp costs
- Difficult to track payments

Solutions

- Maximum utilization of camp capacity
- Simplified process to compute camp rentals is possible with construction camp management pricing
- Manage multiple project workforces under same or different camps

Features

- Camp master
- Food and Accommodation agreement management
- Check-in & check-out process for occupants
