

Get up and running on
Dynamics 365

SherWeb's motto is simple: Simplifying the Cloud.

In addition, it's the driving force behind our decision to offer turnkey solutions for Dynamics 365 Sales. With predefined scope of work, SherWeb's turnkey solutions are designed to help small businesses onboard quickly for Dynamics 365.

This configuration is ideal for partners and customers who don't have the skills in-house or want to accelerate the sales process and implementation. We want you to feel confident reselling Dynamics 365 even if you're not a CRM expert.

We'll give you the tools you need to deploy Dynamics 365 for your clients and migrate their data. Don't worry. SherWeb will bridge the gap by helping you during the sales cycle.

We'll also support you through the deployment, which uses simple wizards. In short, we do the heavy lifting so you can focus on what you do best.

What is Included in
Dynamics 365
Turnkey Solutions?

A Fixed, Low Cost

Our aim is to make a CRM deployment available to Small Businesses and minimize ROI time. The great part of this deployment is the fixed cost. This means no matter how many users there are, the cost remains the same.

No CRM expertise needed

- A risk-free way to add value and recurring cloud revenue.
- Simplifies Dynamics 365 for Small Business by keeping advanced options in the background and more easy-to-use options up front
- All partners have to do is buy the subscription and provide credentials.
- SherWeb provides different level of support depending of your needs.

Instant ROI

Turnkey Solutions can be completed in less than 30 days. It provides your customers with a fast, low-cost method to get their organizations up and running with Dynamics 365 Sales.

End User Training

comes with fully integrated video training, including more than 80 short videos.

Data Migration Assistance

Once you have customized each entity, you will be able to start importing your customer's data using custom import templates to import existing data for leads, opportunities, contacts and accounts.

A Simplified Navigation to Make CRM User Friendly

Allows users who may not be familiar with CRM to ramp up quickly with the exclusive feature, Guided Process.
