

## CONSULTING SERVICES

**Through interviews, Payroll NOW by Integrity Data consultants will review your current payroll processes to assist in determining the best practice approach within Dynamics 365 Business Central for your organization.**

Following completion, Integrity Data will provide an assessment document that will determine whether Dynamics 365 payroll functionality is a good fit for your organization. If so, the services necessary to meet your objectives.

Areas to be reviewed include:

- Enterprise Analysis
- Talent Acquisition Requirements
- Performance Management Requirements
- Onboarding Requirements
- Compliance Requirements
- Compensation Management Requirements
- Position Management Requirements
- Employee Relations Requirements
- Benefits Requirements
- COBRA
- PTO & Leave
- Time & Labor Management
- Payroll Processing
- Tax Requirements
- Labor Allocation Requirements
- General Ledger Requirements
- User/Employee/Manager Experience
- Reporting Requirements
- Technology Requirements
- Security Requirements
- Workflow Needs Requirements

"It is always a pleasure to work with the team at Integrity Data."
