

Microsoft Dynamics 365 for Talent: 2-hour Overview and Fit/Gap Analysis

Explore how Dynamics 365 for Talent can revitalize your employees' day-to-day experience and elevate recruiting, onboarding, performance development, compensation, benefits, and more.

Agenda:

I. 30 minutes: Discovery

Question & Answer forum to assess your company's business requirements, current pain-points, and desired future-state digital workplace.

II. 1.5 Hours: Solution Overview

Get to know Dynamics 365 for Talent! Elevate HR subject matter experts will tailor a Solution Overview that highlights how well Dynamics 365 for Talent can support your specific HR strategies and requirements, based on the findings of our initial Discovery session.

Elevate HR will walk you through the following functional modules in the context of your own business processes:

Attract (Recruitment)

Onboard

Employee/Manager Self-Service

Task Management/ Business Process Checklists

Personnel Management

Metrics and Power BI

Leave and Absence

Benefits

Compliance

Compensation

Learning Management

Employee Development

Upon completion of your "D365 for Talent: 2 hour Overview and Fit/Gap Analysis," you'll have a clear picture of how well Dynamics 365 for Talent suits your business, and will be ready to embark on a Dynamics 365 for Talent implementation.
