

Migrate Dynamics GP to the Microsoft Azure Cloud

Ditch your out-of-date, on-premise server

Upgrade Dynamics GP to the Microsoft Azure Cloud and free up your IT department to focus on the projects that matter most to the business.

Take advantage of Syvantis' rapid migration methodology to migrate and upgrade Dynamics GP data to a multi-tenant instance of Dynamics GP on Azure within 3 to 4 weeks with little or no downtime.

Why customers use Syvantis Technologies to migrate Dynamics GP to the Microsoft Azure Cloud

- Reduced IT costs
- Access to Dynamics GP from any device through the web
- Free Dynamics GP upgrades
- Free periodic client service meetings
- Flexible licensing
- Hosting and support from a single vendor

Improved Scalability

- Keep costs down by adding or removing licenses on a month to month basis
- Add modules and additional functionality at your convenience
- Scale up or down depending on business seasonality

Improved Security

- State-of-the-art datacenter security
- Industry-standard data encryption protocols
- Threat protection services

Ease of Deployment

- Get up and running in 3-4 weeks
- Limit downtime by going live over the weekend
- Minimal IT involvement required

Our overall experience with Syvantis has been very positive. We have found Syvantis to be knowledgeable, excellent at problem solving, and eager to assist with improving efficiencies. Syvantis responds to our questions timely and understands our increased sensitivity during peak accounting periods.

- Mary Keller, CFO, USFI Safeguard
