

## D365 Commerce: Turnkey eCommerce Rapid Company Deployment

*SHEA Global offers an out-of-box rapid deployment of D365 Finance and Supply Chain with a D365 Commerce online sales solution to deliver a turnkey business system for online retailers.*

### Scope includes:

- Requirements and Design meetings
- Standard best practice deployment of D365 Finance and Supply Chain for one company\*
- Standard data conversion
- Train the trainer training in all modules
- Training and assistance with actual website design and structure
- Go live support

### Scope does not include:

- Licensing costs – assessed on a per project basis
- Integrations with other systems (ERP, shipping software, warehouse technologies, etc)
- Any third-party requirements identified in the first phase
- Historical data conversion
- Advanced/mobile warehousing functions or modules

\*Standard offering limited to one company, one warehouse, one jurisdiction, no drop shipping, standard shipping rates, one website, B2C customers only

### Recommended:

- Complete the SHEA Global Readiness Assessment first to determine if this investment is appropriate.

Cost: \$250,000 USD \*\*\* estimated\*\*\*
