

## D365 Commerce: 1-week eCommerce Proof of Concept

*In 1-week SHEA Global will work with your team to model an eCommerce solution built on D365 Commerce to show your organization how D365 Commerce can work for you.*

### Deliverables:

- A working eCommerce site with your items, pricing and site design
- Evaluation of integrations required for ERP, shipping, payment gateways and other needs
- Estimated licensing and services costs for a full deployment
- Presentation of the pilot to your executive team
- Discussion around next steps and rollout

### Required:

- Dedicated customer resources for 1-week to assist with setup, integration of products and pricing, site design and knowledge of other external systems and requirements

### Recommended:

- Complete the SHEA Global Readiness Assessment first to determine if this investment is appropriate.

SHEA Global is a Gold Certified Microsoft partner, and a market leader in implementing stand alone and integrated e-Commerce solutions based on the Microsoft D365 platform.
