PowerBI Dashboard in a Day Workshop

PowerBI dashboard in a day workshop with deep dive into PowerBI and hands on labs

This 1-day workshop is for business users, IT and Analysts.

The engagement covers a deep-dive into PowerBI and also provides hands-on experience with creating Reports & Dashboards.

By the end of the workshop, participants will be able to develop basic to intermediate PowerBI Reports & Dashboards, create data models in PowerBI, connect to data sources and apply them to real business problems

Agenda

- **Introduction to PowerBI**
- **Introduction to PowerBI Desktop**
- **PowerBI Desktop Lab**
- **Introduction to PowerBI Service**
- **PowerBI Service Lab**
