

KORUS CRM | Depersonalization Plugin

The solution is developed for Microsoft Dynamics CRM On-line systems and allows to save data on the Customer server until they are sent to the Microsoft cloud (i.e., the initial data is saved on the territory of the Russian Federation).

The solution suits any version of Microsoft Dynamics 365 On-line.

Functionality of the solution:

- Copy and storage of personal data on servers located in Russia.
- An exception to the transfer of personal data in the event that storage on servers in the Russian Federation for some reason is not available.
- Use of MS Dynamics CRM 365 On-line without contradiction with the Federal Law No. 152 of July 27, 2006 "On Personal Data" of July 27, 2006.
- Use of MS Dynamics CRM 365 On-line without contradiction with the Federal Law No. 242 of July 21, 2014 "On Amending Certain Legislative Acts of the Russian Federation with Part of Refining the Procedure for Processing Personal Data in Information and Telecommunication Networks".
