

CDW SERVICES:

MICROSOFT AZURE STORAGE FOR BACKUP

TAKE CONTROL OF YOUR STORAGE NEEDS EASILY AND EFFICIENTLY

Customers need to reduce their capital expenses and minimize the endless addition of storage infrastructure to support business demands. Microsoft Azure storage provides a scalable and flexible platform to provide storage on-demand without investing in hardware or software. This engagement will assist your organization with the planning, designing and piloting of Microsoft Azure Storage to be used for your existing backup solution to utilize cloud storage instead of traditional on-premises storage or tapes. Microsoft Azure Storage is a cost-effective solution for a secure offsite location to store server backups. The Microsoft Azure Storage for Backup engagement will assist in providing best practices and knowledge transfer in demonstrating the best way to maximize the benefits of utilizing Microsoft Azure Storage.

WHAT CAN CDW DO FOR ME?
