

We help legal practices to automate their processes for an efficient case and document management.

To achieve this, we have an online practice management solution called “OneDocx”. It is specifically designed for solo practitioners and small or medium law firms. OneDocx for Law Practice offers all you need to run a law practice, with powerful tools to manage matters/cases, clients, documents, bills, and reporting.

For more information, please visit OneDocx website (www.OneDocx.com)

OneDocx is built on top of Microsoft SharePoint Online Platform hence your important data is securely accessible anywhere. Microsoft directly holds and secure your data, takes payments and OneDocx application is directly available from Microsoft Store.

For details please visit <https://appsource.microsoft.com/en-us/product/office/WA104382072>

OneDocx is integrated with Microsoft Office Online (365) hence you can also open your office documents online without on premise office version.

Total cost per user is US\$39.99/month (US\$5 - SharePoint + US\$34.99 Add-on).

We are offering a 30-day trial completely free without card information and after that if you will be satisfied you can continue using OneDocx otherwise you can cancel anytime.

We will also help you to setup a 30-days free trial in this meeting. Please click on the link to schedule <http://onedocx.com/schedule-a-demo/> .

If you want to setup a free trial yourself, you can follow this video.
