

WINDOWS VIRTUAL DESKTOP

MISMO SYSTEMS

“what we promise, we must deliver”

We are a Technology Solutions Provider focused on providing IT solutions that are highly innovative and will add value to your business. We love designing, deploying & supporting technology solutions to solve business problems and meet business needs.

A team of enthusiastic professionals, who love & live technology and are backed by a management that shares the same passion. This, along with more than three decades of experience in the industry, is a winning combination.

Microsoft Cloud Solution Provider (CSP) and Silver Partner for Small and Mid-Market Cloud Solutions (Office 365) & Cloud Platform (Azure)

30+ years of enterprise technology experience with 100+ projects delivered, 60+ managed cloud customers

“Not just vendors, we are your trusted advisors”

Windows Virtual Desktop

What is Windows Virtual Desktop?

Windows Virtual Desktop is a comprehensive desktop and app virtualization service running in the cloud. It is the only service that delivers multi-session Windows 10 with simplified management.

All you need to get your new WVD environment up and running are following two things:

1. Properly and efficiently configured Azure infrastructure
2. Appropriate Windows license to be fully compliant

Why do you need WVD?

Security and regulation

Financial Services

Healthcare

Government

Elastic workforce

Mergers and acquisition

Short term employees

Contractor
and partner access

Specific employees

BYOD and mobile

Call centers

Branch workers

Specialized workloads

Design and engineering

Legacy apps

Software dev test

How safe is Azure?

Standardized

Consistent infrastructure across regions

IaaS

PaaS

Compute

Storage

Networking

Uniform deployment via serverless architecture

Serverless Platform

Containers

Microservices

Integration services

Purpose-built, **standardized infrastructure** across geos
Modernized workloads for **simplified deployment**

Global

Largest geographical footprint of any cloud provider with more than
54 Azure regions

Secure

Microsoft Cyber Defense Operations Center

>3,500 full-time security professionals

6.5 trillion global signals daily

\$1 billion annual cybersecurity investment

Windows Virtual Desktop – Benefits?

Best User Experience – The only multi-session Windows 10 environment along with optimized O365 ProPlus

Superior Economics – Simplified licensing and labor savings by moving from IaaS to PaaS

Enhanced Security – Windows Virtual Desktop is built in Azure and connects seamlessly

Simplified Management – Most flexible service allowing you to easily virtualize both desktops and apps

Free Win 7 ESU – Get free extended security updates for Windows 7

Deeper look into Security

Azure AD Security Services

Sophisticated security services easily configured through Azure AD (e.g. MFA, CA, etc.)

Reduced Attack Surface

Reverse connect technology eliminates the need to open inbound ports to the VMs

Granular Access Control

Multiple admins can be assigned role-based access control

Isolated User Sessions

Isolated user sessions in both single and multi-session environments

How will it Save your cost?

Infrastructure

**~70%*
Savings**

- Windows 10 experience at multi-session cost
- Cost effective compute and storage
- Flexible network provisioning
- Best value compute rate
- Opex spend aligned to business usage

Licensing

**~60%*
Savings**

- WVD management service included with the licenses you already own
- Savings on RDS CAL with multi-session deployment
- 3-year Windows 7 ESU included

Labor

~60%
Savings**

- Lower labor cost because compute and storage move to cloud
- Lower labor cost when you use PaaS services

Management Scope

Your subscription – Your control
