

# WVD Security & Compliance Assessment

## Why WVD Security & Compliance Assessment?

Customers need to strengthen the security and access mechanisms of their WVD deployments as they are governed by corporate policies (compliance, regulations etc.). This is a crucial step in the WVD implementation.

## One-Stop Solution - Wintellisys WVD Manager

Wintellisys WVD Manager can help you perform a complete assessment of your existing WVD environment without spending much time. The built-in Security & Compliance Manager is designed to provide a complete view of security & compliance status of your WVD environment.

### Report Missing Patches

Wintellisys WVD Management Solution can report on missing patches on WVD Session Hosts. The WVD Manager provides you a list of Session Hosts have not been patched since last 7 days.

### Report VMs Missing Antimalware

Antimalware Solutions must be deployed on Session Hosts in order to run a secure environment. WVD Manager is capable of reporting on VMs that need to be installed with Antimalware Solutions.

### Report Sessions Hosts with Old Agent

Session Hosts must be regularly updated with new RDS Agent is released. WVD Manager can report on Session Hosts using old RDS Agents.

## WHAT OUR CUSTOMERS ARE SAYING

*“The people at Wintellisys helped us evaluate Azure Windows Virtual Desktop technology. They really wanted to work with us and get us up `running.`”*

– TruGreen, Senior Engineer

# Why Azure Windows Virtual Desktop **With Wintellisys?**

Windows Virtual Desktop is a comprehensive desktop and app virtualization service running in the cloud. It's the only virtual desktop infrastructure (VDI) that delivers simplified management, multi-session Windows 10, optimizations for Office 365 ProPlus, and support for Remote Desktop Services (RDS) environments. Deploy and scale your Windows desktops and apps on Azure in minutes and get built-in security and compliance features.

## Why Deploy Azure Windows Virtual Desktop?

### **Deliver the only multi-session Windows 10 virtual Desktop Experience**

Provide your users with the only multi-session Windows 10 desktop virtualized in the cloud that's highly scalable, always up to date, and available on any device.

### **Enable optimizations for Office 365 ProPlus**

Deliver the best Office 365 ProPlus experience, with multi-session virtual desktop scenarios to provide the most productive virtualized experience for your users.

### **Deploy and Scale-In Minutes**

Quickly virtualize and deploy modern and legacy desktop apps to the cloud in minutes with unified management in the Azure portal.

## Wintellisys Benefits

### **Manage Every Aspect Of Your WVD**

Manage every aspects of your WVD environment by using our Cloud Console/Software.

### **Real-Time Dashboard**

Single Cloud Console/Software to view real-time dashboard such as Active Sessions, FSLogix Health, Session Hosts Health and so on.

### **Robust Auto-Scaling Mechanism**

Robust Auto-Scaling Mechanism helps in reducing the Infrastructure cost by turning off VMs when not needed.
