Cloud Transformation Roadmapping Workshop

Moving to the cloud can be daunting and overwhelming. Many organizations get stuck, unsure how to get started with the Cloud and what specific workloads should be moved online.

Start Your *Cloud Transformation*

Start your journey to the Cloud with a solid foundation, working with the Cloud Transformation Experts at Steeves and Associates you can plan, define and begin your Cloud transformation with our **Cloud Transformation Roadmapping Workshop** which walks you through:

①

A diagnosis and alignment where Cloud services and infrastructure can propel your organization forward.

②

A defined business requirements/technical requirements document for moving to the Cloud.

③

A recommendation, and optional Proof of Concept (POC), for moving specific workloads (e.g. Microsoft Exchange, Microsoft Azure VPN, Microsoft 365) to the Cloud.

④

A dedicated resource to provide you with transferrable knowledge to help your internal team become more comfortable and confident to move forward with your Cloud Transformation.

Cloud Transformation Proof of Concept (POC)

Beyond this **Cloud Transformation Roadmapping Workshop** you can move one step further into your Cloud Transformation with a Proof of Concept (POC) for moving specific workloads to the cloud such as:

- Exchange Online
- SharePoint Online

→ Office 365

- Windows 10 Enterprise Modern Management
- Mobile Device Management
- Identity Management – *SSO, MFA, Conditional Access*

→ EM+S

→ Microsoft 365

- Active Directory
- Data Backup
- Disaster Recovery

→ Microsoft Azure

With a POC of your existing workload in the Cloud, **you can confidently move forward with a working template of how your environment works online.** You can choose to execute one or more Proof of Concept workloads with Steeves and Associates to get as much evidence, guidance and assistance to feel 100% confident with your Cloud Transformation.
