

CSP Migration Service

Move to SHI Cloud Service Provider Quickly and Securely.

SHI offers a rapid assessment and migration path for any existing Azure customer to our SHI Cloud Service Provider (CSP). Azure services are moved in resource groups across subscriptions into the source CSP subscription. SHI keeps you up and running, all while ensuring best practices around security and manageability.

Why SHI as your Migration Partner?

- All work is completed by Certified Cloud Architects
- Leverage SHI's proven Migration Methodology to ensure Best Practice
- Accelerate your Migration with our Expertise and Resources
- Simple, Transparent
- Optional Managed Services after your Migration Completed

SHI Migration Methodology
