Azure Fundamentals

Azure Fundamentals is a one day training for your personnel to gain uniform understanding on Azure Cloud, the most relevant Azure PaaS services and Azure Governance. Content is partly conceptual and partly technical. The training is for maximum of 15 attendees and can be held in Zure Offices or on your premises.

THE CONTENT

Zure organizes Azure Fundamentals training with the following agenda
- Azure: what is public cloud
  - Cloud Fundamentals
  - IaaS / PaaS / SaaS
- Azure Platform as a Service
  - Web Apps
  - Data storage options
  - API Management
  - Serverless and Containers
  - Architectural choices
- Azure Governance
  - Subscriptions and billing
  - Identity and Access Management
  - Naming conventions, tags, locks

AUDIENCE

- Managers
- Architects
- Developers
- IT Security

The project starts with a launch meeting and ends after the training day.

THE PURPOSE

- To gain basic and uniform knowledge about Azure for your organization
- To understand the transformational power and possibilities of Azure
