**1-Week Proof of Concept**

*An evaluation engagement that setup Power BI Dashboards and Reports based on your data*

This limited implementation is designed to evaluate if Power BI Platform is right for your organization’s Business Intelligence initiative.

We set Power BI Dashboards and Reports using your data and show the capabilities of Power BI to slice and dice your data. This Proof of Concept implementation can be expanded to your production environment.

**Deliverables**
- Provisioning of Power BI Pro License
- Setup Data Sources for Power BI
- Setup of Data Model in Power BI
- Setup of Dashboards and Reports in Power BI using your data
- Show capabilities of Power BI by slicing and dicing your data
- 2 hours of training

**Agenda**
- **Day 1** | Kick-Off meeting with you, review of your current BI processes and finalize the scope of POC with you.
- **Day 2** | Provisioning of Power BI Pro Subscription and Setup of Data sources for Power BI.
- **Day 3** | Setup of Data Model for Power BI
- **Day 4** | Setup of Dashboards and Reports in Power BI using your data. Show capabilities of Power BI by slicing and dicing your data
- **Day 5** | Final walkthrough with you, Proof of Concept closure, and planning of next steps.
