***Modern technologies for modern businesses.***

Microsoft Dynamics 365 is the next generation of Dynamics NAV in the age of digital transformation. This evolution to a cloud platform takes advantage of today's latest technologies and can get your company up and running quickly and securely.

Having been in business since 1980 and also being a gold certified partner for Microsoft Dynamics NAV, we already have a vast knowledge set of all of the business functionality within Dynamics NAV which is now contained in Microsoft Dynamics 365 Business Central. This makes iCepts Technology Group uniquely qualified to partner with and support your company with this new Microsoft ERP system.
