

DYNAMICS 365 FINANCE (PROJECTS)

RAPID DEPLOYMENT

DYNAMICS 365 FINANCE (PROJECTS)

RAPID DEPLOYMENT

The landscape of consulting is changing significantly. Customers are less interested in services and more interested in solutions. At Axtegrity Consulting, our philosophy is quite simple -- perfect a solution and deliver it to the marketplace quickly and reliably, eliminating unnecessary costs.

Axtegrity can offer a Rapid Deployment of Dynamics 365 Finance (Projects) solution for Finance & Operations customers at a fixed cost of **\$135,000.00**. The project duration is estimated at 16 weeks after project kick-off.

Included in the Standard Dynamics 365 Finance (Projects) solution are the following deliverables:

- General ledger (1 company)
- AP
- AR (simple receivables entry)
- Banking (w/ manual reconciliation)
- Multi-currency
- Out of the box financial reports
- Fixed Assets
- Basic Budgeting
- Data conversion templates (Customers, Vendors, open AP, open AR, GL (1 year of history), Chart of Accounts)
- Quotes, sales orders, invoices
- Procurement by category
- Simple workflow/journal approvals
- Non-inventory items
- Project Accounting
- Timesheets w/ approvals (team member license)
- Open jobs data conversion
- Work in Progress - WIP
- Revenue recognition
- Project invoice
- Planning worksheet
- Data conversion templates (Jobs in Progress, Tasks, Resources (Employees))
- Web/live remote training

Not included in the Standard Dynamics 365 Finance (Projects) solution are the following:

- 3rd Party Integrations
- Customizations
- Distribution (inventory & non-inventory items, Lot & serial number tracking, Purchase orders/receiving, Warehousing, Costing, Lot tracking/serialization)
- Jobs & Project Costing
- Manufacturing

Benefits of our Standard Dynamics 365 Finance (Projects) solution:

- Rapid Deployment
- Predictable Costs
- Less Customization Requirements
- Higher Success Rate

 **COST:**
\$135,000.00
