Migrate Dynamics GP to Dynamics 365 Business Central

Upgrade your system to the future of business management

Migrate Dynamics GP data to Dynamics 365 Business Central and gain better integration with other systems while decreasing licensing costs.

Take advantage of Syvantis' rapid migration methodology to migrate and upgrade Dynamics GP data to Dynamics 365 Business Central in 8 to 12 weeks with little or no downtime.

Why customers use Syvantis Technologies to migrate Dynamics GP to Dynamics 365 Business Central

- Lower cost of ownership
- Fully cloud
- Vast integration pool
- Free periodic client service meetings
- Flexible licensing
- Hosting and support from a single vendor

Improved Scalability

- Keep costs down by adding or removing licenses on a month to month basis
- Add modules and additional functionality at your convenience
- Scale up or down depending on business seasonality

Improved Security

- State-of-the-art datacenter security
- Industry-standard data encryption protocols
- Threat protection services

Ease of Deployment

- Get up and running in 8-12 weeks
- Limit downtime by going live over the weekend
- Minimal IT involvement required

"We used our rapid implementation methodology to migrate our own Dynamics GP data to Dynamics 365 Business Central and closed our first month on time and with no real issues."

- Janelle Riley., CEO, Syvantis Technologies, Inc.
