

HOSTED OR ON-PREMISES TO AZURE MODERNIZATION WORKSHOP

Tied to an inflexible hosting provider or on-premises infrastructure that doesn't enable you to drive new business benefits?

WE WILL...

848 will deliver a 2-day workshop to review your existing hosted and on premises services and then create a high-level report with recommendations to migrate to Azure IaaS, PaaS and SaaS solutions. We work with you and your team to understand your existing infrastructure and your business requirements to offer a transparent and constructive plan to transform your existing estate to Microsoft Azure and M365. Identifying the correct platforms to meet your business requirements enabling IT to deliver the business benefits to your organisation.

A LEADING MICROSOFT GOLD PARTNER

What is Azure?

The Azure cloud platform is more than 200 products and cloud services designed to help you bring new solutions to life—to solve today's challenges and create the future. Build, run, and manage applications across multiple clouds, on-premises, and at the edge, with the tools and frameworks of your choice.

Cloud migration will continue to grow...

IaaS is fastest growing subsegment, projected to grow **36.6% in 2017**, **30.1% CAGR for next 5 years**

Gartner and IDC

80% of CIOs will be pressured by their business leaders to evaluate **migrating their datacenters** to IaaS

Gartner

Azure PaaS reduces **time required to manage apps by 80%** and **time to deploy a new app by 50%**

Why Azure?

Trust your cloud

Get security from the ground up, backed by a team of experts and proactive compliance trusted by enterprises, governments and start-ups.

Operate hybrid seamlessly

On-premises, across multiple clouds, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Build on your terms

You have choices. With a commitment to open source, and support for all languages and frameworks, build how you want and deploy where you want to.

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow.
