A Different Approach to Execution

Dual Delivery and Upskilling

In all engagements we apply a **dual delivery and up-skilling approach** – helping you change your culture, your operating model, and build your own capabilities.

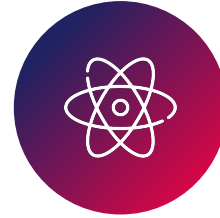

Our Operating Model

We align our entire organisation - from engineering, consulting, marketing, finance, people and talent management - to deliver **market leading outcomes** that ensure your success.

Engineering First

We're a people led business, made up of some of the brightest minds in the industry. **We foster an innovative** engineering culture and bring this to every engagement.

Metric & Business Case Driven

We turn every engagement into a science, tracking the efficiencies that we gain and mapping them back to a rigorous business case.

Enterprise Needs

Cloud Foundations - the base technology platform (CTO)

Cloud Operations - bau processes over the platform (COO)

Cloud Application Portfolio - enablement & developer experience (Head of Engineering)
