Microsoft 365: Transform your communications with Microsoft Teams and Skype for Business

Lori Wright, Bob Davis, Brian Gillespie

The modern workplace is here. Rapid, dynamic communications and collaboration are the heartbeat of today's organizations but are too often disconnected. Join Lori Wright, General Manager of Microsoft Teams and Skype, as she unveils exciting news for the future of unified communications in Microsoft 365. In this deep-dive session, Lori and Corporate Vice President Bob Davis discuss the latest innovations and how they deliver a new landscape for communications. This action-packed session features live demos and discussions with global thought-leaders to help you realize business value faster. The modern workplace is here. Are you ready?

A new vision for intelligent communications in Office 365

By Lori Wright, on September 25, 2017 | 588 Shares

Today's post was written by Lori Wright, general manager for Microsoft Teams and Skype product marketing.

Today at Microsoft Ignite in Orlando, Florida, we introduced a **new vision for intelligent communications**, transforming calling and meeting experiences for people and organizations around the world. Intelligent communications go beyond traditional unified communications, enabling you to complete tasks more efficiently with minimal context switching, participate in more productive meetings that cover the entire meeting lifecycle, and better manage your everyday communications overload.

Microsoft Teams is core to our vision for intelligent communications—bringing together conversations, meetings, files, Office apps, and third-party integrations—to provide a single hub for teamwork in Office 365. Teams is now being used by over 125,000 organizations across the world in just six months since its launch. Its strong momentum has proven that teamwork is essential to the way work gets done today.

To achieve our vision for intelligent communications, we are bringing comprehensive calling and meetings capabilities into Teams, along with data and insights from the Microsoft Graph, and a strong roadmap of innovation to empower teams to achieve more.

All of this is being built on a **new, modern Skype infrastructure for enterprise-grade voice and video communications**. Our next generation, cloud-born architecture is already powering communication experiences in Teams, and is evolving rapidly. We are excited about this new infrastructure because it will provide both speed of innovation as well as higher quality communication experiences.

As we build out these capabilities, **Teams will evolve as the primary client for intelligent communications in Office 365**, replacing the current Skype for Business client over time.

The future of business meetings

Combining communications, collaboration, and intelligence in this way will make new things possible across the lifecycle of a call or meeting:

- Before a meeting, Teams will surface relevant documents and rich information about the participants to help you prepare.
- During the meeting, the conversation can be captured, transcribed, and time-coded, with closed captioning and voice recognition for attributing remarks to specific individuals.

Skype Entreprise

- 100 millions de réunions en ligne chaque mois
- Un usage qui a été multiplié par 2 ces 12 derniers mois

Retours de clients au sujet de Skype Entreprise

- Rationaliser les clients (logiciels) pour l'utilisateur final
- Rendre ces outils toujours plus intuitifs et faciles à utiliser
- Améliorer la qualité globale des appels
- Faciliter l'administration

Les tendances au travail

- Des équipes multigénérationnelles
- Des expertises sans frontière
- Une transparence toujours accrue
- L'exploitation de l'intelligence collective et artificielle

July Promotion

Our Commitment to Excellence

We, along with our entire team will continue our landscape-changing work on collaboratively administrate empowered markets via plug-and-play networks. Dynamically procrastinate B2C users after installed base benefits. Dramatically visualize customer directed convergence without revolutionary ROI.

Competition Landscape

Our commitment to make great products

Current Plan

Completely synergize resource taxing relationships via premier niche markets. Professionally cultivate one-to-one customer service with robust ideas. Dynamically innovate resource-leveling customer service for state of the art customer service.

Strengths

Proactively envisioned multimedia based expertise and cross-media growth strategies. Seamlessly visualize quality intellectual capital without superior collaboration and idea-sharing. Holistically pontificate installed base portals after maintainable products.

Weaknesses

Objectively innovate empowered manufactured products whereas parallel platforms. Holisticly predominate extensible testing procedures for reliable supply chains. Dramatically engage top-line web services vis-a-vis cutting-edge deliverables.

Daichi Fukuda Yesterday 10

Hey all, as the date for the big FY 2017 pitch nears, I wanted to express how appreciative I am of all of you and the hours that you all have put in for this. I know there have been some really late nights and weekends. Seeing as this is our largest and we've had such a long history with them, I just ask that we all give one last push to really polish our deck and pitch.

Several of you have asked, but the current agenda is still TBD as **we are waiting for the client to confirm the time**. Thanks!!

Babek Shammass Yesterday @

Danielle, will you have time to make updates to this before the client review on Friday? I know you're pretty swamped these days.

You 1:00 pm
I thought the client wanted to include a section about the buy one get one offer as well?

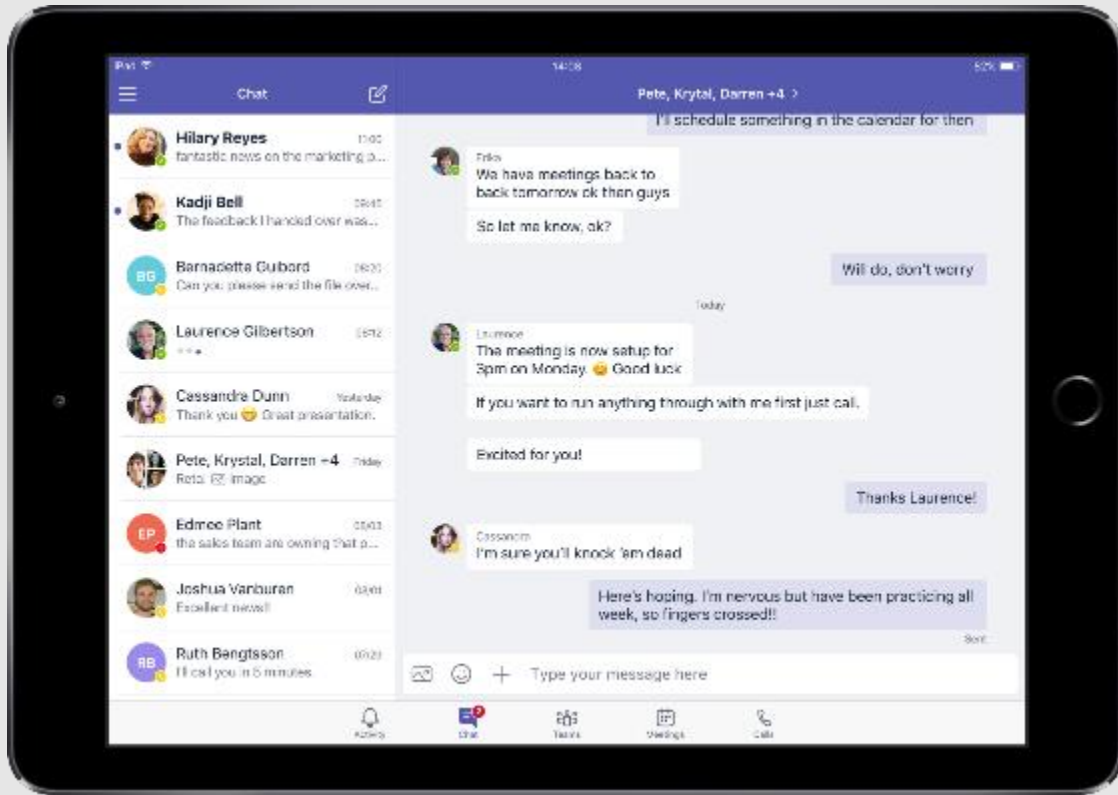

Kadji Bell 1:15pm
Yep!
BTW, what's the status? ...

I don't think so. Daniela had the lastest deck. Babek pre-approved a few of the expenses.

Kayo Miwa

Hey Daniela can you send me the latest dates for the marketing release plan today please?

Yes, im just working on the deck now, it should be complete today. I will share it into the Marketing channel and @mention the relevant people for feedback.

Jasmine Simmons

Daniela i can help you with the deck today, I've completed the initial costings for spring.

I can help you with the rollout plan for EMEA as i've been working closely this week with the local marketing team to get the timings from the external AD agency and media buying team.

That would be a great help, i will call you to discuss at 12

I've made a start with APAC and LATAM, now i'm just running through the plan for US.

Jasmine Simmons

Thats great. I will collate all the materials from the media agency for buying locations, footfall verses media costs. I presume plan is still to look for live locations to bring the campaign to life?

The goal is still for each local marketing team to be able to target audience segments with the relevant messaging based on the daily news.

MJ Price

This is great progress, if you both can set something up with me to review when you feel you are in a good place for feedback. I have a free slot tomorrow morning.

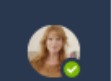

Great i will send an invite for 9:00

Kayo Miwa

It would be great to sync with you both EOD to have a quick run through before tomorrow.

Enregistrement du meeting

The screenshot shows a Microsoft Teams chat interface. The title bar at the top reads 'Marketing review | Microsoft Teams'. The left sidebar contains navigation icons for Activity, Chat, Teams, Meetings, Calls, Files, and Apps. The main chat area displays a conversation with several participants. The chat history shows messages from Ray Tanaka, Beth Davies, Kayo Miwa, MJ Price, Chris Naidoo, Daichi Fukuda, Babak Shammas, Kian Lambert, and Charlotte de Crum. The current message from Ivan Averyanov states: 'I can help you with the rollout plan for EMEA as i've been working closely this week with the local marketing team to get the timings from the external AD agency and media buying team.' Below this, a message from MJ Price says: 'That's great. I will collate all the materials from the media agency for buying locations, footfall verses media costs. I presume the plan is still to look for live locations to bring the campaign to life?'. A response from Ivan Averyanov says: 'The goal is still for each local marketing team to be able to target audience segments'. Another message from MJ Price says: 'This is great progress, if you both can set something up with me to review when you feel you are in a good place for feedback. I have a free slot tomorrow morning.' At the bottom, a message from Charlotte de Crum says: 'Let's set up a brainstorm session for tomor...'. A video recording player is visible at the bottom of the chat area, showing a recording of the meeting titled 'Recording: Marketing review' recorded by Babak Shammas. The recording player shows a video thumbnail and a play button. The chat input area at the bottom has a text box labeled 'Send a message' and a row of icons for attachments, emojis, and other chat functions.

Audit log search

Need to find out if a user deleted a document or if an admin reset someone's password? Search the Office 365 audit log to find out what the users and admins in your organization have been doing. You'll be able to find activity related to email, groups, documents, permissions, directory services, and much more. [Learn more about searching the audit log](#)

Welcome to Microsoft Teams!

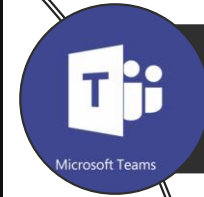

It's great to have you join us from Skype for Business. We have a couple choices for you to make, and then we'll get you into Teams.

Next

Send a message

Et maintenant ?

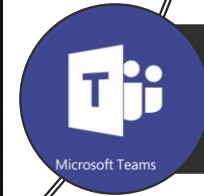

Evaluez vos besoins fonctionnels et considérez par rapport à la roadmap de Teams quant aux Nouvelles fonctionnalités

Discutez avec votre équipe commerciale, votre partenaire ou l'équipe FastTrack pour convenir de la meilleure démarche adaptée à vos besoins

Commencez dès aujourd'hui à utiliser Teams pour explorer les bénéfices de cet agrégateur des solutions de travail en équipe au sein Microsoft 365

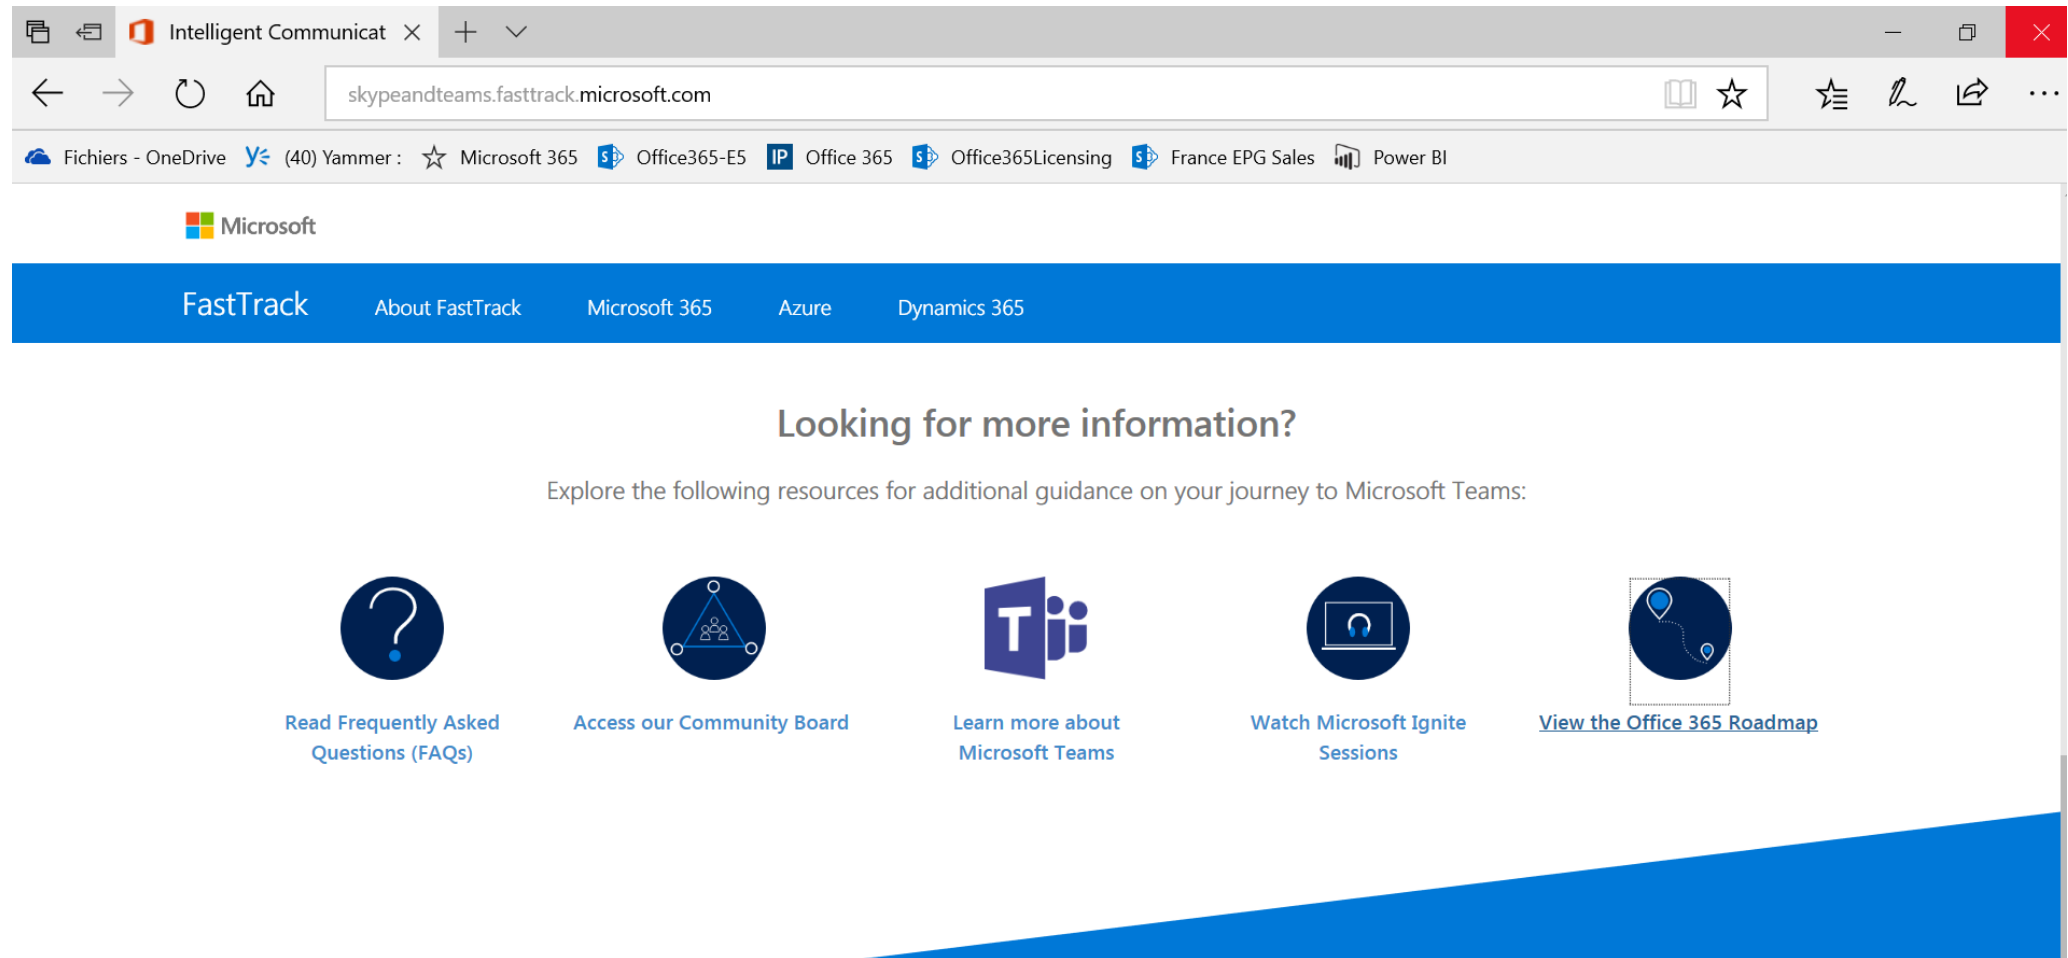

Utilisez Microsoft Teams et Skype Entreprise « côte à côte » jusqu'à ce que Microsoft Teams remplisse complètement vos besoins avancés

Go to <https://aka.ms/skypeandteams> for guidance or learn more at <https://products.office.com/en-US/business/office-365-roadmap>
