Artic
CONSULTING

Trying to decide if you'll get value by moving your staff and infrastructure to Microsoft Azure?

Artic will work with your organization on a comprehensive Migration Assessment which determines your organization's digital readiness and use of modern tools and processes.

This assessment will also include recommendations on how to make use of free and discounted offers to reduce or eliminate software purchasing costs.

NONPROFIT AZURE MIGRATION: 2-DAY ASSESSMENT

As a Microsoft Gold Partner, Artic will work with your organization on a comprehensive Digital Assessment that will examine your nonprofit's Azure readiness and use of modern tools and processes.

Activities
- Working sessions with your team and our Nonprofit Solutions experts to review your current state, challenges, goals, and future plans
- Thorough understanding of your architecture, applications, environments, and platforms
- Review of your organization's current development and IT team for readiness to migrate and tool comfort
