CDW SERVICES:

MICROSOFT POWER BI PILOT

OPTIMIZE YOUR ORGANIZATION'S USEAGE OF POWER BI

Power BI is the leading data analytics and visualization platform that enables modernization to deliver data insights via interactive reporting and dashboarding. Development and adoption of Power BI can be accelerated by engaging with CDW to gain valuable knowledge and best practices through the development of a pilot solution.

WHAT CAN CDW DO FOR ME?

The Power BI Pilot is designed to help accelerate the development and adoption of Power BI in an organization through a targeted, quick-win project. The Power BI Pilot will provide:

- Review of analytics requirements and goals for the pilot
- Development of:
    - Queries to import necessary data from a source system
    - Analytic data model to support defined measures, calculations and KPIs
    - Interactive report to visualize data insights
    - Dashboard to visualize high-level KPIs
- Enable secure connectivity between the data source and the Power BI cloud service
- Review Power BI management and security

THE BENEFITS

- Enable faster adoption of Power BI within your organization
- Ensure that your users understand best practices to maximize your investment

WHY CDW?

CDW is uniquely qualified to design IT solutions that remove complexity and unnecessary costs from your organization. Our experts become part of your team providing the support you need, when and where you need it.

We can help you navigate Microsoft's robust array of solution offerings. CDW is an end-to-end provider of cloud applications, solutions and services in public, private and hybrid cloud environments. Based on your business demands, we can help you plan, deliver and manage a flexible cloud solution tailored to your needs. We offer best-of-breed providers, risk mitigation strategies and dedicated, personalized expertise to deliver economic and operational benefits.

We get Microsoft. And we can share our knowledge with you, so your organization can spend less time managing software and more time putting it to work.
