## Onboarding and Support Solutions

Createch's Onboarding package is for the organization that only requires basic setup and training, wants to reduce downtime, and be up and running as quickly as possible.

Createch's Onboarding package is also available as a grey-label service to partners, where you retain your brand identity. We support your onboarding efforts as an external, contracted resource. This eliminates the need to expand your in-house workforce.

Onboarding Express

Remote Grey label Onboarding & Support

The Createch Group is a Canadian leader in business transformation. Our mission is to significantly improve the profitability of our clients through the optimization of their processes and the implementation of world-class software solutions. Our services range from operational performance improvement, enterprise resource planning (ERP) and customer relationship management (CRM) to asset management solution implementation. For over 20 years, The Createch Group has delivered substantial performance improvements to more than 1,200 companies across Canada.
