Who We Are //

Leaf Software Solutions is an innovative software consulting firm delivering mission critical business solutions for over 33 years. Our consultative approach results in custom-tailored solutions that create value for your business. Leaf specializes in Enterprise Custom Software Application development, sales and customization of Microsoft Dynamics GP, Sage Intacct, CRM, and Mobile Application development. Our mission is to “Deliver our clients the highest quality software solutions -on time and on budget.”

Our Corporate Significance //

Our corporate significance is reflected in the work we do solving problems and delivering solutions that result in an increased value in our customer's business. Because Leaf is a principle-centered organization, our team creates value in every collaborative project we encounter through our core principles of Fairness, Kindness, Effectiveness, and Significance.

Partner with Leaf //

Leaf has contributed in a significant manner to the community in which we live and work. We have been recognized by the Indiana Chamber of Commerce as one of the Best Places to work in Indiana since 2012. Leaf contributes to the United Way and has been a proud supporter of WFYI public media since 2006. If you have a complex software technology project that needs to be completed on time and within budget, please contact Leaf Software Solutions for a consultation.
