NfP 365 FINANCE BRONZE

AN AFFORDABLE FINANCE SYSTEM THAT
GROWS WITH YOUR CHARITY

OVERVIEW

NfP 365 Finance Bronze is a charity finance system that has been created to help smaller charities with all their financial needs.

It has been built on the framework of Microsoft Dynamics 365 Business Central with additional functionality that is specific to the needs of the charity sector.

By taking care of your financial requirements, it will enable your organisation to focus on growing and delivering your mission, safe in the knowledge that your finance solution will grow with you.

As a smaller charity, you may be using basic systems or spreadsheets to contain all of your financial information. These systems and processes may not be connected to each other, meaning that information is kept in multiple places and is difficult to manage and share amongst your team, leading to data inaccuracies and security issues.

We understand that as a busy charity you may not have the funds, resources, technical skills or time to research and invest in modern technology that is right for your charity.

NfP 365 Finance Bronze gives your charity an easy-to-use Accounting and Reporting system that sits in the cloud. It has been specifically designed with charities in mind and gives the people within your organisation who look after your financials, access to the system from wherever they are.

BENEFITS TO YOUR CHARITY:

NFP 365 Finance Bronze will help your charity to:

- Keep your account records digitally with the ability to connect to other digital sources (for example for the purpose of Making Tax Digital for VAT).
- Analyse your charity's financial performance quickly, accurately and in real-time with powerful, insightful and highly visual reporting.
- Enable your finance staff to access information from wherever they are based, be it in the office or at home, securely from any device. This gives the people within your charity who need it, 24/7 access to your data without the need for any on-premise systems.
- Benefit from a charity finance solution that has been specifically designed for the needs of charities.

NFP 365 FINANCE BRONZE
