

Ignite for Endpoint Management

Maintain control over your devices and the data stored on them to stay protected in a cloud-focused environment.

77% of remote workers have been using unmanaged, insecure endpoint devices to access corporate systems.*

Endpoints are a common target for cyber attackers. Weak, poorly protected endpoints are prime for infiltration and reconnaissance activity. The growth of remote and mobile workforces has driven endpoints further away from the corporate network more than ever before. It is vital to implement a robust endpoint detection and response solution with endpoint management to keep your people, devices, and data protected.

Apex Digital Solutions recognizes the impact these challenges can have on your business security and productivity. Ignite for Endpoint Management prepares your organization for a secure modern workplace.

Our Solution

Ignite for Endpoint Management enables the protection of corporate data by centralizing management of all your devices with Microsoft Endpoint Manager.

- Review your current security, device management Microsoft 365 security tools
- Implement and configure Windows Autopilot, Intune, and security policies to support your move to modern PC Management
- Test PC & mobile enrollment and configuration as well as Intune App Protection policies
- Provide three months of Aegis Assist, our managed security services to ensure successful adoption and outcomes with Microsoft Security solutions

Microsoft Endpoint Manager allows organizations to secure, deploy, and manage all users, apps, and devices without disruption to existing processes.

- Cloud security across endpoints, protecting devices against threats using Microsoft Zero Trust technology
- Simplified automated provisioning, configuration management, and software updates for all Windows 10 devices
- Leverage existing investments to modernize the user experience with Microsoft 365 cloud telemetry

Apex Digital Solutions can assist with the evaluation, purchase, deployment, and long-term support and success management of Microsoft Endpoint Manager so you can securely run and grow your business.

More About Us >

Empowering Customers

Our approach to driving successful customer outcomes is defined by the **Customer Empowerment Feedback Loop**. This solution framework was developed by Apex Digital Solutions to support customers adopting new technologies. Our Ready, Ignite, and Empower solution offerings are designed around the customer journey from assessment and planning, to deployment and adoption, to support and long-term management. Together, these offerings propel customers forward to realize long-term benefits from their technology investments.

Customer Empowerment Feedback Loop

Our Microsoft Partnership

Apex Digital Solutions is an award-winning Microsoft Gold Partner. Our team of experts are certified in Microsoft platform and cloud solutions including Office 365, Enterprise Mobility + Security, Windows 10, and Azure.

We Are Passionate About People

Since 1999, the purpose at Apex Digital Solutions has been to "Empower people to make a positive difference in the lives of others." One of the many ways our team achieves this each day is through transformational experiences and solutions to become more secure, productive, and engaged.

Technology for People's Sake

We know technology enables success for your business. That is why we have built our business around empowering success for all of our customers through technology solutions.

Here are our promises to you:

We Bring the Team

Your core business is your expertise, technology solutions is ours. Our team of certified technical specialists follow best practices for successful deployments while our customer success managers remain engaged throughout the life cycle to ensure your desired outcomes are achieved.

We Solve, Don't Sell

We are here to help you achieve your goals. That means our primary focus is understanding your business and solving problems through technology solutions instead of selling you products that don't meet your needs.

We Create a Clear and Better Ending

Our business was formed to make a positive difference. We will always be clear about everything related to our services and the impacts of decisions made throughout our engagement with you. We will help you take advantage of technology for the betterment of your people.

The experience that Apex brought to turning on Microsoft Security features saved our team months of work.

– Senior Director of Information Services, Michigan-Based Non-Profit
