ALC 360° - BENEFITS OF MONITORING ALC STATUS

The use of hospital beds by patients with ALC status is an important factor in the lack of access to short-term beds.

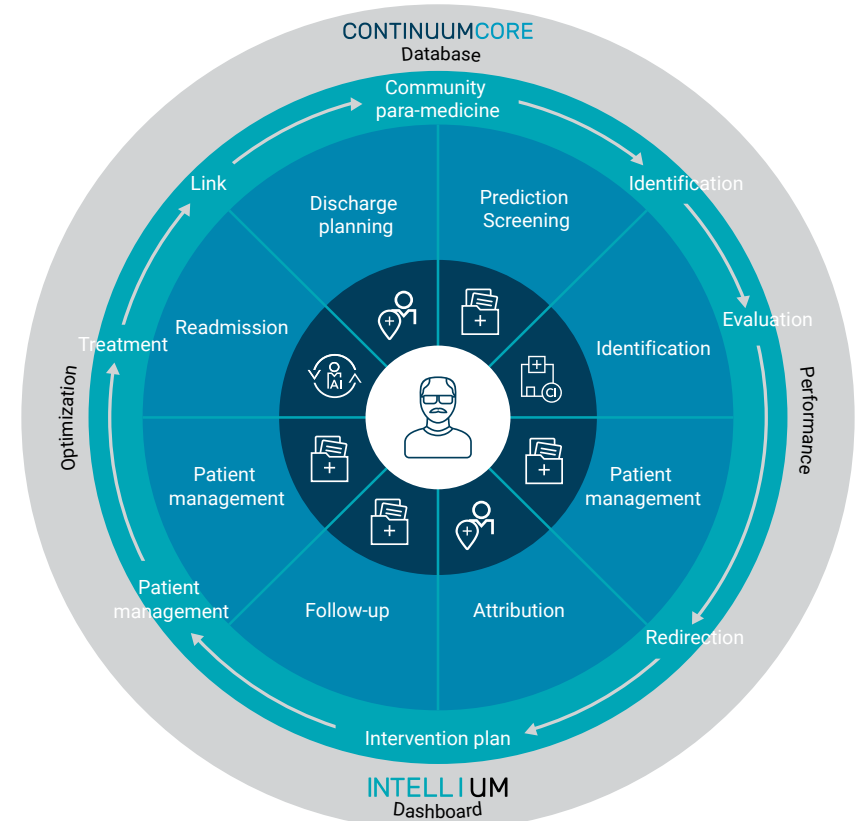

Better use of short-term beds

Decrease in patients MSD

- Reduction in emergency wait times
- Decrease in carryover surgeries
- Reduced risk of infection or deterioration of the patient's medical condition
- Reduced use of TSO

Reduce

Your number of ALCs and INCREASE your quality of care. Provide better accessibility and decrease bottlenecks.

Monitor

Be proactive by monitoring your ALC status and adapting your care.
