Develop a community of automation professionals

Who is Automation Hub for?

1

CoE's
 Ensure an evergreen, well-vetted automation pipeline, and create new business opportunities by sharing automations

2

The C-Suite
 Unleash your organization's untapped ideas, improve employee engagement, and visualize the performance of your automation program from idea to production

3

Employees
 Find more joy in your career, and help guide your company's automation strategy, whether your idea saves ten minutes or ten million

Create the ultimate automation Plan

 Start with **Automation Hub** to discover, prioritize, and track your automation ideas in one central location.

 Then, leverage **Task Capture (included)** to get detailed process steps directly from Subject Matter Experts.
