POWER BLOX

About this App

With this powerblox, you can create logistic units with one or multiple items on it.

You can move the logistic units around in your warehouse.

You can send your goods using SSCC codes.

You can block and unblock your logistic units.

You can combine and split your logistic units.

You have a clear overview of all logistic units in your warehouse.

Key Questions

- Do you want to manage your items on pallets?
- Do you want to move pallets very easily around in your warehouse
- Do you want to block/unblock your stock on pallet level?
- Do you want to send your goods using SSCC Codes?

The logo for Powerblox, featuring the words "POWER" and "BLOX" stacked vertically in a bold, white, sans-serif font. The text is set against a dark blue rectangular background.
