### f 🗹 in 🛗

Fujitsu Grants Manager is a total solution for the end-to-end management of your Grants Process lifecycle.

An online web portal hosted on Microsoft Azure combined with Microsoft Dynamics 365 Delivers secure workflow based registration, application, assessment, award and associated management processes. The result is reduced time between application and award, providing a clearer management view of grant statuses, results, and outcomes.

#### Swift ROI

Fujitsu's Grants Manager solution delivers an immediate return on investment (ROI). Deployment is fast, instant value is provided to end users and it is easy to achieve rapid efficiency gains. Costs for on-going maintenance and upgrades are minimal, adding to a low total cost of ownership.

- Fits your people Rich capabilities within familiar Browsers and Microsoft Office experience.
- Fits your business Flexible design and process automation with real-time business insight.
- Fits your environment Fast to deploy, simple to customise and easy to manage.

#### Key Benefits – Grants Manager

- Reduced Rework Validating data as it is entered ensures a greater number of applications can be processed first time.
- Clearer Visibility of Funding Detail and summary reporting on the status of funds and funding is available from the system in real time.
- Auditing and (ompliance All activities, decisions, and modifications to grants data are recorded throughout the grants lifecycle and can easily be accessed for audit and compliance purposes.
- Application Status Applicants can monitor and review the status of their applications on the portal.
- Security Only authorised users have access to the information you want them to see.
- Improved Reporting Microsoft Dynamics 365 provides powerful easy to use reporting.
- CRM Functionality Because the application is built on the Microsoft Dynamics 365 platform, all standard functionality is available with the system.
- Application Integration The application can be easily integrated with other systems such as finance, email and document management.
- Portal Integration The portal can be implemented with any existing back end grants system.
