# ArchiveMASH:
## Fast, Affordable, Defensible Migrations & Collections

**ArchiveMASH™** is Bluesource's second generation archive migration software. Built for speed, ArchiveMASH™ allows Bluesource to deliver migrations faster than ever before, supporting scores of platforms.

## Defensible

Maintaining chain of custody is of utmost importance. ArchiveMASH™ tracks metadata and identifiers for all messages migrated, including any exceptions.

Bluesource can also provide expert testimony or affidavits in support of the migration practices and reporting, if required.

## Managed, end-to-end

Bluesource delivers ArchiveMASH™ as part of a fully managed migration service. Our dedicated migrations team installs and configures ArchiveMASH™, then delivers the migration until all data has reached its destination.

## Proven Process

**Scoping**

Your environment is accurately sized

↓

**Pilot**

Software is installed; Test Migration Performed

↓

**Production**

Data is moved continuously until complete

↓

**Reconciliation**

Chain of Custody Provided; Validation

## Industry-Leading Migration Features

Filter by Date Range and/or Custodian
