

Crayon Empower-iQ

EMPOWER YOURSELF

Drive Microsoft Technology Adoption With **Crayon Empower-iQ**

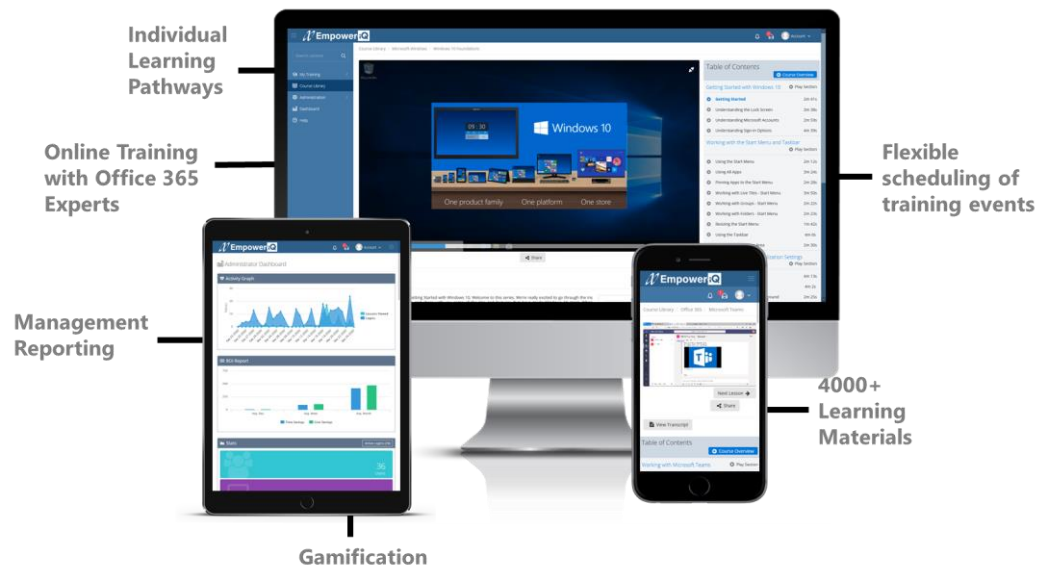

What is Empower-iQ?

Crayon Empower-iQ is an online portal to help organizations get the most from their investment in Microsoft technologies. Empower-iQ trains end users on specific applications to dramatically increase learning and adoption of Microsoft technologies. Achieved by utilizing the principles of change management, Empower-iQ increases productivity and minimizes training expenses.

Expected Outcomes

- **Increase User Productivity:**
Maximize the ability for all users to do more with their technology
- **Decrease Support Expenses:**
Preempt help desk calls and reduce training demands
- **Eliminate Software Spend:**
Remove duplicate contracts and forgo unused software spend
- **Reduce Effort and Risk:**
Simplify adoption planning and eliminate need to update training content in the portal

The Proof is in the Data

Users increase comfort level with Microsoft Teams on average by **92%**

62% reduction in help-desk requests related to Office Apps

58% reported saving at least 1 hour/week
