Start your journey with a good strategy

Choose one of the following workshop packages:

3 DAYS

We assess your Cloud readiness based on workshops with C-level and business owners and level the path for a future migration

5 DAYS

During this assessment and workshop we assess the Cloud readiness of the infrastructure, based on an assessment of the assets using the Azure Migrate Tool

10 DAYS

We prepare your Cloud migration by assessing the readiness and define a landing zone

And afterwards?

If you are as enthusiastic as we are after these workshop, we can support you with your further steps to Microsoft Azure.
