

The journey to Microsoft Certified: Security Operations Analyst Associate

Get started at
aka.ms/SecurityCerts_OperationsAnalyst

Start here

Decide if this is the right certification for you

This certification is a good fit if your responsibilities include:

- Collaborating with organizational stakeholders to secure information technology systems
- Identifying and remediating vulnerabilities
- Advising on improvements to threat protection practices
- Investigating, responding to, and hunting for threats

First, make sure your skills are up to date.

Need to update your skills in security operations analysis?
