

ACCELERATE YOUR CLOUD MIGRATION JOURNEY WITH SYNERGETICS

Assessment of your Cloud Infrastructure

Assessments are a way to better understand your organization's present digital estate and maximize returns while minimizing risks. Our assessments are based on a set of industry best practices adhering to Well Architected framework that incorporates proven methodologies which assists in

- Preparing a workload inventory
- Preparing Resource Inventory
- Understand Application usage and topology as well as the non-functional requirements
- Determines the overall complexity and associated risk for each line of business application
- Define an end state for the digital Estate.

How are we helping you?

Understand the Digital Estate	Rationalize the Digital Estate	Planning Digital Estate	Expected Outcome
Gathering accurate/relevant data of IT assets & workloads that support specific business functions	Rationalize Digital Estate by applying the 5R's and by identifying the optimal way to host a workload on cloud. Identifying the First workload for migrating to Cloud	Determining what changes are top priority for your organization by understanding the desired digital transformation and planning a corresponding transformation journey	An assessment report with solution architecture recommendation, readiness plan and migration strategy for each workload with an estimated cost for moving them to the Cloud.

WHY SYNERGETICS

We are '**Microsoft Gold Cloud Platform Partners.**'

Synergetics is a "**Born in the CLOUD**" multi-services company providing services to help Small-Medium Enterprises grow faster by modernizing data centers and Applications involving the adoption of **Social, Mobile, Data & Ai solutions DevOps, IoT, Analytics, and Cloud technologies** as Business Accelerators.

It is a fact that in this era of **Digital Transformation**, established companies and startups are moving to the Cloud to reap the benefits of emerging technology. However, I am sure that even you would like to understand how Cloud is helping companies grow and function efficiently.

I am looking forward to a positive response.
